### KEY PRODUCT FEATURES

#### What am I investing in?

<b>Relaunch Date</b>	3 <sup>rd</sup> October 2002
<b>Benchmark</b>	FTSE Bursa Malaysia EMAS Shariah Index
<b>Base Currency</b>	RM
<b>Investment Objective</b>	To provide investors with steady return and to achieve capital growth in the medium to long term by investing in equities and fixed income securities that conform to the Shariah principles.
<b>Investment Strategy</b>	<p>The Fund shall invest primarily in a diversified portfolio of Shariah-compliant equities and Shariah-compliant equity-related securities listed on any recognised stock exchange in Malaysia.</p> <p>The portfolio construction process will be research-driven with extensive bottom-up fundamental analysis coupled with top down economic and sector analysis. In identifying investable Shariah-compliant equities, the designated fund manager will rely on fundamental research, taking into consideration the companies' financial strengths (including track records), prospects, business operations and governance. In addition, prospects for the economies and sectors in which the companies operate will also be assessed.</p>

	<p>The focus will be on Shariah-compliant equities of public-listed companies with growth prospects over medium to long term horizon and/or having forecast dividend yield of 3.0% per annum or above, to optimise the total returns of the Fund. Other valuation measures may include Price-to-Earnings (PE), PE-to-Growth, Discounted Cash Flow, Price-to Revalued Net Asset Value or Price-to-Book depending on the sector the companies operate and whether the operations are perpetual or for a defined period. Analysis will also consider revenue growth, profit margins, sustainability of earnings, balance sheet and cash flow. In view of its investment objective, the designated fund manager will adopt an active investment management approach and frequency of trading of securities will very much depend on market conditions.</p> <p>For investment in Islamic fixed income securities such as sukuk, credit evaluation and interest rate direction are the most critical risk factors to be considered. As for credit evaluation, the fund manager set stringent investment criteria in assessing sukuk, covering mainly the nature of business, management, cash flow, financing level and collateralisation. In case the Fund invests in such instrument, only investment grade sukuk rated by either RAM or MARC will be considered. To be prudent, the designated fund manager adopts a strategy by:-</p> <ul style="list-style-type: none"> <li>i) selecting only instruments with a minimum credit rating of A2 as per the rating scale of RAM or its equivalent for long term instruments and P2 or its equivalent for short-term instruments; and/or</li> <li>ii) having a longer or shorter duration of debt instruments depending on the expected direction of the KLIRR</li> </ul> <p>Under normal circumstances, allocation to Shariah-compliant equities and Shariah-compliant equity-related securities ranges between 70% and 99.5% of the NAV of the Fund. The remaining will be invested in Islamic money market instruments, Islamic deposit placements, sukuk and/or other Shariah-compliant permitted investments. The equity allocation may be reviewed from time to time depending on the global, regional and local economic as well as equity market conditions. This includes assessing the relevant political, economic and business environment prior to making investment decisions.</p>
<b>Asset Allocation</b>	<ul style="list-style-type: none"> <li>• A minimum of 70% and a maximum of 99.5% of the Fund's NAV to be invested in Shariah-compliant equities and Shariah-compliant equity-related securities; and</li> <li>• The remaining balance of the Fund's NAV to be invested in Islamic money market instruments, Islamic deposit placements, sukuk and/or other Shariah-compliant permitted investments.</li> </ul>
<b>Distribution Policy</b>	<p>The distribution (if any) is annual, subject to the availability of income for the financial period.</p> <p>The distribution of income, if any, will be made in the form of cash or additional units.</p>
<b>Minimum Initial Investment</b>	RM10
<b>Minimum Additional Investment</b>	RM10

**Note: Please refer to the Fund's Master Prospectus and its Supplementaries for further details of the Fund**

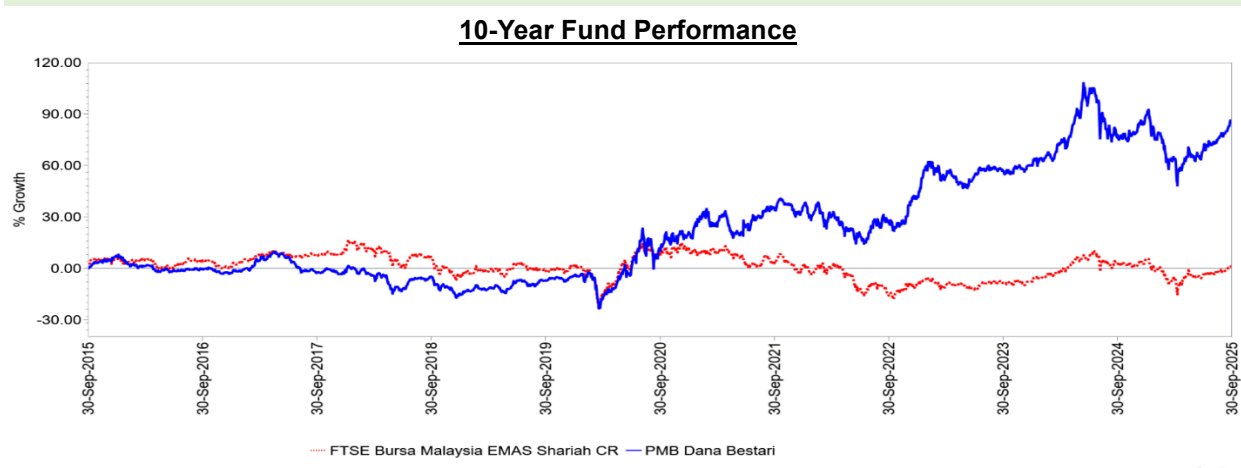

## Who am I Investing with?

<b>Manager</b>	PMB Investment Berhad
<b>Trustee</b>	AmanahRaya Trustees Berhad
<b>Shariah Adviser</b>	Amanie Advisors Sdn Bhd

## What are the possible outcomes of my investment?

As the Fund invests primarily in the Shariah-compliant equities market, its NAV and therefore your investment capital may fluctuate in line with market movements. Assuming all other factors remain unchanged, a 10% increase in the Fund's NAV would result in a corresponding 10% increase in your investment value, while a 10% decrease in the Fund's NAV would similarly lead to a 10% decline in your investment capital.

## Fund Performance

### 10-Year Fund Performance Review

For the 10-year period ended 30 September 2025, the Fund outperformed its benchmark, recording a total return of 84.97% compared to 1.07% for the Benchmark.

TER	1.57%	1.58%	1.61%
PTR	0.88 times	1.44 times	1.31 times

The TER was slightly lower than the previous year as a result of lower expenses incurred during the financial year.

The PTR was lower than the previous year as a result of decrease in trading activities undertaken by the Fund during the financial year.

## KEY RISKS

### What are the key risks associated with this product?

<b>Equity Market Risk</b>	The performance of the Fund is subject to the volatility of the stock market which is influenced by the changes in the economic and political climate, interest rate, international stock market performance and regulatory policies. The movement of the value in the underlying investment portfolio will affect the NAV of the Fund. Any downward movement of the value will negatively impact the NAV of the Fund.
<b>Stock Specific Risk</b>	Prices of a particular stock may fluctuate in response to the circumstances affecting individual companies such as adverse financial performance, news of a possible merger or loss of key personnel of a company. Any adverse price movements of such stock will adversely affect the Fund's NAV.
<b>Equity-related Securities Risk</b>	<p>The value of the Shariah-compliant equity-related securities depends on the value of the underlying equities that the Shariah-compliant securities are related to. Any upward movement in the value of the underlying Shariah-compliant equities may result an upward movement of the value of the respective Shariah-compliant equity-related securities, and vice versa. Hence, the movement of the value of the Shariah-compliant equity-related securities will affect the value of the Fund.</p> <p>The fund may also invest in Shariah-compliant equity-related securities such as Shariah-compliant warrants, that have an expiry date and may experience time decay, and the erosion of value accelerates as the instrument advances to its expiry date. If the Shariah-compliant warrant is not exercised on or before the expiry date, the Shariah-compliant warrant will have no value and negatively impact the NAV of the Fund.</p>
<b>Shariah Status Reclassification Risk</b>	<p>(a) Shariah-compliant equity securities</p> <p>This risk refers to the risk that the currently held Shariah-compliant equity securities in the portfolio of the Fund may be reclassified as Shariah non-compliant in the periodic review of the securities by the SAC of the SC, the Shariah Adviser or the Shariah Supervisory Boards of relevant Islamic indices. If this occurs, the Manager will take the necessary steps to dispose of such securities.</p> <p>Opportunity loss could occur due to the restriction on the Fund to retain the excess capital gains derived from the disposal of the reclassified Shariah non-compliant securities. In such an event, the Fund is required:</p>

	<p>(i) to dispose of such securities with immediate effect or within one (1) calendar month if the value of the securities exceeds or is equal to the investment cost on the effective date of reclassification of the list of Shariah-compliant securities ("Reclassification") by the SAC of the SC or date of review ("Review") by the Shariah Adviser or the Shariah Supervisory Boards of relevant Islamic indices. The Fund is allowed to keep dividends received and capital gains from the disposal of the securities up to the effective date of Reclassification or Review. However, any dividends received and excess capital gains from the disposal of the Shariah non-compliant securities after the effective date of Reclassification or Review should be channelled to baitulmal and/or charitable bodies as advised by the Shariah Adviser;</p> <p>(ii) to hold such securities if the value of the said securities is below the investment cost on the effective date of Reclassification or Review until the total subsequent dividends received (if any) and the market price of the securities is equal to the cost of investment at which time disposal has to take place within one (1) calendar month, excess capital gains (if any) from the disposal of the securities should be channelled to baitulmal and/or charitable bodies as advised by the Shariah Adviser; or</p> <p>(iii) to dispose of such securities at a price lower than the investment cost which will result in a decrease in the Fund's value.</p> <p>(b) Islamic fixed income instruments or Islamic money market instruments or Islamic deposits or Islamic collective investment schemes</p> <p>This risk refers to the risk of a possibility that the currently held Islamic fixed income instrument or Islamic money market instruments or Islamic deposits or Islamic collective investment schemes invested by the Fund may be declared as Shariah non-compliant by the relevant authority or the Shariah Adviser. If this occurs, the Manager will take the necessary steps to dispose of or withdraw such fixed income instrument or money market instruments or deposits or collective investment schemes.</p>
<b>Dividend Policy Risk</b>	<p>This is a risk particular to the fund which has heavy emphasis on high yield dividend stocks. Such a risk may occur when fundamentals of the company's business deteriorate or if there is a change in the dividend payout policy resulting in a reduction of the dividend to be paid by the company. This risk may be mitigated by investing mainly in companies with a consistent historical record of paying dividends, strong cash flow, or operating in fairly stable industries.</p>

### How often are valuations available?

- It is our policy that the Fund is valued on a daily basis at the end of a Business day.
- You may obtain the latest information on the Fund's price from our website at [pmbinvestment.com.my](http://pmbinvestment.com.my).

### How can I exit from this investment and what are the risks and costs involved?

- **Redemption**

You may exit from this investment on any business day by completing a Transaction Form together with a photocopy of your NRIC.

- For a request to redeem units received or deemed to have been received by us on or before the cut-off time at 3.30 p.m. on any Business Day, units will be redeemed at the NAV per unit calculated at the end of Business Day on which the request is received ("forward pricing").
- Where the repurchase request is received after the cut-off time, the request will be deemed to have been received on the next Business Day.
- Payment will be made within seven (7) Business Days of the receipt of redemption request, except for PMB SCMF, where the redemption proceeds will be paid within four (4) Business Days, provided that all required documents are completed and verified.

- The proceeds of payment will be directly credited to your bank account via online banking services or telegraphic transfer.
- We reserve the right to vary the terms and conditions of repurchase/redemption mode from time to time, which shall be communicated to you in writing.
- In the event of any technical difficulties beyond the Manager's control or should the redemption request in the sale of units cannot be liquidated at an appropriate price or on adequate terms and is as such not in the interest of the existing Unit Holders, redemption monies may be paid at such other period or as may be permitted by the relevant authorities from time to time.
- You may redeem your investment wholly or partially. There is no minimum number of units for redemption but you must meet the minimum holding of units after a repurchase transaction. If you insist on making a repurchase request knowing that after the transaction you will hold less than minimum holdings of units, we may withdraw all your units and we will pay the proceeds to you. We may, with the consent of the Trustee, reserve the right to defer your repurchase request if such transaction would adversely affect the Fund or the interest of the Unit Holders.
- The value of the repurchase/ redemption price will be the NAV per unit at the end of the Business Day on which the request for repurchase/ redemption of units is received by us.
- No restriction is set on the frequency of redemption. For certificate holders, you can only redeem your units upon surrendering the unit certificate(s).
- No redemption fee is charged. However, bank charges and other bank fees, if any, will be borne by the Unit Holder.
- If the units are held in the names of more than one Unit Holder, where the mode of holding is specified as "Joint Application", redemption request will have to be signed by all the joint holders unless the joint applicant is a minor.
- Redemption proceeds will be paid to the EPF and to be credited into your EPF account.
